## Ronald Reagan Legacy Project praises Wisconsin Legislature for recognizing Reagan's Achievements

*Organization calls on Governor Doyle to sign legislation marking a portion of U.S. Highway 14  
"Ronald Reagan Highway."*

WASHINGTON- The Wisconsin Legislature has passed a bill honoring our nation's 40<sup>th</sup> President, Ronald Reagan, furthering its goal of recognizing one of America's most influential men.

The Ronald Reagan Legacy Project (RRLP) wholeheartedly supports dedications in the name of Ronald Reagan. Senate Bill 40, sponsored by Senator Bob Welch (R-Red Granite), will name a portion of U.S. Highway 14 "Ronald Reagan Highway." Wisconsin Governor Jim Doyle (D) now has the opportunity to sign the bill, thus ensuring the legacy of a great president.

**"The Ronald Reagan Legacy Project is ecstatic that the Wisconsin Legislature has decided to honor Reagan in this way,"** said Grover Norquist, Chairman of RRLP. **"Such legislation is essential to our cause and is a testament to Reagan's importance to America."**

"The Gipper" pushed a tax reform plan in 1986 that gave exemptions to lower income Americans and removed unnecessary deductions. Reagan was devoted to a stronger economy and proved such by stimulating growth, lowering unemployment and finally gaining control over inflation. President Reagan's dedication and perseverance to bring down key communism and win the Cold War strengthened the self-confidence of all Americans, while bringing freedom and opportunity to millions around the world.

In the 1984 election, President Reagan received more than 54% of the people's vote in Wisconsin, proving that Wisconsinites are well aware of his contributions to the United States.

**"We call on Governor Doyle to sign this bill,"** said Norquist. **"It will ensure that Reagan's accomplishments will be remembered by generations of Wisconsinites."**
