Americans for Tax Reform urges Members of Congress to sustain the President's veto of the Farm Bill, H.R. 2419.

The bill is laden with subsidies, giveaways and budget gimmicks such that the true cost of the bill to taxpayers is not yet known, but the damage to them is. Higher food prices and higher levels of government spending--without benefit to average Americans--is all this bill will bring.

Every Member of Congress should vote to sustain President Bush's veto of this bill.
